Class Charts Information

Dear Parents/Carers

We believe in working closely with the families of Allenbourn Middle School pupils. In response to a parent/carer survey, we noted that you would value the opportunity to have more regular communication about your child's progress. In response we started using Class Charts. This is an online system which teachers and support staff use to track achievement and behaviour throughout the school day. One of the key benefits of using Class Charts is that we are able to securely share your child(s) achievements with you and to keep you up to date in real-time.

Each child has a unique Class Charts access code. These activation codes will be issued to all pupils on Friday 13th September 2024.

All you need to do is create a secure account and enter the code by accessing the following link: [ClassCharts Parent App](#). Further links to the Android and iOS parent apps are also available from this page. You can also register and login by simply searching Class Charts Parent Login online.

For those parents/carers that have more than one child, you do not need two separate accounts, you can enter additional codes directly into your created account.

To ensure our rewards system meets the needs of our pupils, our pupil leadership team has reviewed and made some exciting changes to house point tariffs and content. This includes linking house points more closely to our three school values and by auditing and developing the rewards on offer in the AMS reward shop.

The Class Charts system also allows us to report AM and PM attendance and share student timetables with you. Please note that attendance is not in real-time. Attendance synchronises at 12pm each night. Please be aware of this when viewing attendance figures.

Please visit the school website as a web link to a very helpful user guide is available. This will give you step-by-step guidance on each feature. (Please note that not all applications are available to you). If you have any questions over the information reported to you please do get in touch with your child's tutor.

I do hope you find this communication system useful.

Yours faithfully

Mr Smith
Deputy Headteacher
